Booking a DJ should be an exciting, fun and easy experience. We are not sales people. We meet with you, listen to your needs, and we guide you through every step of the way to ensure your Wedding is amazing. We are all about creating an awesome experience for you and your guests.

## Right first time

Your Wedding Celebration only happens once! There are no second chances and we understand that. When you hire a DJ for your Wedding it should be someone you trust. One that can handle the intricate details of your event. Ace Beats is a professionally run company performing at functions week in, week out and we LOVE it!

It's no secret that the music hugely influences the overall vibe of your Wedding. When you choose Ace Beats Sound & Lighting for your Wedding you'll be assured of;  
**A Packed Dance Floor • Happy Guests With Tired Feet • Ear to Ear Smiles**

## The process...

It's essential to get that initial 'click' and know you're talking to the right DJ for your day. We always love to start with a natter! Once you decide to proceed with booking:

- A £50 deposit secures the date
- After two working days, you receive the link to our app
- Nearer the event, we send your Wedding Venue/Planner our PLI & PAT
- We can chat any time, but we will make contact to go over all the final details three weeks before the big day. This is a week before final payment is due.
- Time to get married!!!
